Innovation by Chemistry

Innovation by Chemistry

Make the right impression with Toray waterless printing.

The Toray waterless plate and printing system achieves consistently sharp, high-quality reproductions with zero emissions of volatile organic compounds (VOCs). A world leader in printing solutions, Toray continues to pursue mold-breaking technologies to maximize productivity, minimize environmental stress and bring new value to life. **The right chemistry, the right answers.**

The Waterless Printing Association (WPA) logo features the North American Monarch butterfly, a species that thrives only in areas with abundant, pure water.
