Proposition No. 4:
Payment of Bonuses to Members of the Board

In light of business results during the period under review, the Company proposes to pay the following bonuses to the eight members of the Board (excluding outside directors) who are in office as of the end of the fiscal year: ¥78,700,000.

The Board of Directors determines the total amount of bonuses to members of the Board after receiving a report from the Governance Committee, in consideration of consolidated core operating income, etc., the metric that best represents the result of the Company’s global business operation, plus the previous results and other factors.
