

Minutes of 10th Ethics Review Committee on Human Genome and Gene Analysis Research

Date and Time:

February 21st, 2020

10:00 – 11:15 (Japan standard time)

Venue (TV meeting):

- Room 2401, Tokyo HQ
- Small Conference Room, Pharmaceutical Laboratories, Kamakura Basic Research Center
- Room 22, Technology Center 1st Building, Shiga Plant

Attendees:

Chair	Toshiaki Tanaka, Ph.D.
Member	Taiichi Kawamura, Hiroshi Imuta, Mitsuko Miyamoto, Akihiro Ando, Ichiro Itagaki, Shinichi Yamane, Ph.D.
External member	Satoko Sugawara, Masami Shimamura
Secretariat	Hisashi Hashimoto, Ph.D., Masateru Yamada, Ph. D., Michimoto Kobayashi, Keiyu Oshida, Ph.D., Makiko Miyata
Observer	Makoto Shirai, Masaaki Takezawa
Absent	Nobuo Ida

Decision:

- One research was registered as Human Genome and Gene Analysis Research in fiscal year 2019. The Ethics Review Committee carefully evaluated all research based on the results of inspection by the Committee's secretariats and confirmed that all research was performed properly. Based the above decision, the Ethics Review Committee on Human Genome and Gene Analysis Research submitted the evaluation report to the Ethics Committee on Human Genome and Gene Analysis Research.
- One new research was applied as Human Genome and Gene Analysis Research in fiscal year 2020. The Ethics Review Committee carefully evaluated it from the ethical point of view and approved it. Based on the above decision, the Ethics Review Committee on Human Genome and Gene Analysis Research submitted the review report to the Ethics Committee on Human Genome and Gene Analysis Research.
