Decision:

- Fifty two research was registered as Research Involving Human Biological Subjects in fiscal year 2018. The Ethics Review Committee carefully evaluated all research based on the results of inspection by the Committee's secretariats and confirmed that all research was performed properly. Based the above decision, the Ethics Review Committee on Research Involving Human Biological Subjects submitted the evaluation report to the Ethics Committee on Research Involving Human Biological Subjects.
- Forty three new research was applied as Research Involving Human Biological Subjects in fiscal year 2019. The Ethics Review Committee carefully evaluated them from the ethical point of view and approved all of them. Based on the above decision, the Ethics Review Committee on Research Involving Human Biological Subjects submitted the review report to the Ethics Committee on Research Involving Human Biological Subjects.
